JOC is a quantity-based procurement process that allows County user agencies and departments to complete a multitude of repair/maintenance and construction projects under a single, competitively bid contract. The JOC process involves first selecting a vendor pool of potential contractors through a competitive procurement process in accordance with the Cook County Procurement Code and identifying projects for such selected vendors.

This contract was awarded pursuant to a publicly advertised bid in accordance with the Cook County Procurement Code. The vendors listed below were the lowest, responsive and responsible bidders.
