Title: PROPOSED CONTRACT (TRANSPORTATION AND HIGHWAYS)
Department(s):
Department of Transportation and Highways

Vendor:
Path Construction Company Arlington Heights, Illinois

Request:
To enter into and execute contract

Good(s) or Service(s):
Requesting authorization for the Chief Procurement Officer to enter into and execute Contract No. 1355-12834 with Path Construction Company, Arlington Heights.

Competitive bidding procedures were followed in accordance with the Count Procurement Ordinance. On July 31, 2013 three (3) bidders responded. After careful analysis of the bids, Path Construction Company was considered the most response and responsible bidder and recommended for award of contract.

This contract consists of repair of the existing bridge including removal and replacement of existing expansion joints, deck slab repairs, cleaning and painting of structural steel, chain link fence repairs and steel handrail repairs and shall include engineering, traffic control and protection and other necessary highway appurtenances.

The scope of work for this QC/QA improvement consists of removal and replacement of existing expansion joints at all abutments and piers, deck slab repair, cleaning and painting of existing steel structures, structural repair of concrete, removal and replacement of frames and lids and all other incidental and collateral work necessary to complete the improvement.

It is therefore respectfully recommended that the contract be awarded to Path Construction Company in the amount of \$1,102,998.16. The cost savings are estimated at \$179,401.84 based on the engineers estimate. The total sum of the bid is 13.9 % below the Engineer's estimate.
