Bureau of Technology concurs.

Summary: Cook County is in the process of implementing the Oracle EBS Suite to support operations throughout the County. This is a very large project with significant risk. To manage risk and help achieve the highest degree of success possible, the County intends to engage an Independent Verification and Validation (IV&V) provider for oversight of all elements of the Oracle EBS implementation including:

- Development and execution of a comprehensive Phase Gate Review process for each of the implementation phases
- Active review of the implementation process and resulting deliverables created by the Systems Integrator (SI)
- Proactive review and predictive oversight to identify and recommend solutions to risks and issues before they become problems such as cost or schedule overruns
- Close integration with the County project team and the SI throughout the project
- Strong IV&V methodology tempered by experience with management of complex development and roll-out projects to provide a stable basis for review

This is a Comparable Government Procurement pursuant to Section 34-140 of the Cook County Procurement Code. Grant Thornton, LLP was previously awarded a contract by the Illinois Tollway through a competitive Request for Proposal (RFP) process. ERP wishes to leverage this procurement effort...end
