The program was implemented last year in three suburban drug treatment courts in Cook County: 1) the Fourth Municipal District (Maywood), 2) the Fifth Municipal District (Bridgeview), and 3) the Sixth Municipal District (Markham).

The purpose of the Suburban Municipal Districts DCSEP is to increase the number of suburban drug court participants who graduate successfully from the program and achieve stable recovery and affect the long-term health and safety needs of these individuals and their communities. Participants in the program include adult men and women (age 18 and older) who are arrested/charged with new non-violent, drug-related felony offenses and are diagnosed with substance use disorders. The majority of

participants are from minority communities.

Project funds are dedicated mostly for community-based case management and treatment services. The remainder are used for staff, fringe benefits, supplies, training and travel.
