Identify any projects, purchases, programs, contracts, or other obligations that will be deferred, delayed, or canceled as a result of the reduction in available spending authority that will result in the account that funds are transferred from.

None.

If the answer to the above question is "none" then please explain why this account was originally budgeted in a manner that caused an unobligated surplus to develop at this point in the fiscal year.

The account used for these transfers was initially appropriately budgeted, but unobligated surplus developed in Account 11320-540135 due to the implementation of new technologies (E-Filing / Case Management System) that replace previously budgeted software. Hence, purchasing the software is no longer needed.
