Concurrences:

The contract-specific goal set on this contract was zero.

The Chief Procurement Officer Concurs.

Summary: This contract provides for annual inspection, routine maintenance and repair services on as-needed basis to the conveyor system in the salt dome at the Department of Transportation and Highways District 2, 4 and 5 field offices. Unexpected conveyor belt replacement occurred in November 2017 in District 4 while on February 2018 in District 2. The unexpected repairs consumed majority of the allocated monies for the planned services.

During a routine maintenance, it was also discovered that the chain in the District 5 conveyor system will require replacement. This increase will provide for this chain replacement and the remaining planned service through September 2020.

This contract was awarded pursuant to a publically advertised invitation for bids in accordance with

the Cook County Procurement Code. Sargents Equipment and Repair Services, Inc. was the lowest, responsive and responsible bidder.
