Summary: This contract will allow all County departments participate in the photocopier leasing program. All equipment will be capable of network printing, faxing, and scanning. Cost per copy includes the use of the equipment, maintenance services and all supplies (excluding paper).

It has been determined that leasing of multifunction photocopier equipment allows the County to achieve significant savings when contrasted with purchasing and maintaining the same equipment. Additionally, photocopier leasing contracts allow the County to keep up with technology by replacing the equipment with each new contract. Finally, multifunction photocopier equipment allows departments to eliminate stand-alone printers and fax machines which reduce capital, maintenance, and supply costs.

Competitively bidding procedures were followed in accordance with the Cook County Procurement Code. Bids were solicited for leasing of multi-functioning digital copiers. Toshiba Business Solution was lowest, responsive and responsible bidder.

The proposed contract will replace County Contract No. 1384-12815 (Konica Minolta), which expires on May 1, 2019.
