The ACT Court is a drug court probation program that operates in the Circuit Court Criminal Division. Its goal is to help certain nonviolent, felony criminal offenders suffering from substance abuse problems from becoming repeat offenders and incarceration. The program links participants with behavioral health, vocational, and educational treatment services from community-based sources. The court closely monitors participants' compliance with program protocols and provides encouragement for success through a range of rewards and sanctions. Incarceration is used as a last resort and for short periods.

The grant will fund treatment and toxicology services for participants not covered by Medicaid health insurance. Funds will also be used for court staff salaries and payroll fringe benefits, training, supplies and county indirect costs.
