The Vendor continues to work with the Department of Revenue to fully implement all processes previously procured. Through this contract, the Vendor will provide ongoing application management services, including correction of non-warranty defects, deployment of necessary upgrades and implementation of product enhancements. The source code of the system is proprietary to the Vendor; therefore, it is uniquely positioned to provide these services to the County. The County reviewed pricing under previous contracts with the Vendor and examined the Vendor's contracts for similar services with other government agencies to negotiate the best price.
