Summary: The Department of Transportation and Highways respectfully request approval of the Proposed Contract Award between Cook County and Ciorba Group, Incorporated, Chicago, Illinois. The proposed contract is for Design Engineering and Land Acquisition Services for the improvements on Central Road from Barrington Road to Huntington Boulevard. Due to the condition of the pavement, the planned improvements include reconstruction of approximately 1.31 miles of Central Road. The proposed cross section for the west one-third of the project will remain as an urban cross section, except that the two 12-foot wide through lanes in each direction will be reduced to one 12-foot wide through lane in each direction divided by a 16-foot wide mountable median, 12-foot wide right turn lanes, combination concrete curb and gutter, and an enclosed storm water conveyance system.

The roadside improvements include extending the existing 10-foot wide HMA shared-use path recently constructed on the north side of Central Road between Huntington Boulevard and the east AT&T property driveway. The total length of the Central Road shared- use path extension is approximately 4,700 feet.

This contract is awarded through a publicly advertised Request for Qualifications (RFQ) in accordance with Cook County Procurement Code. Ciorba Group, Incorporated Chicago, Illinois was selected based on established evaluation criteria.
