PROCURED BY CCH

Summary: This request is for the provision of professional Architectural and Engineering ("A/E") Services for the design of the replacement of the overhead paging and nurse call systems at John H. Stroger, Jr. Hospital ("JHS"). A/E services will include a review and assessment of the existing systems and recommendations for new compatible systems in order to support future operational needs for JHS. Moreover, the vendor will provide design drawings of these systems along with the subsequent construction administration services. The new replacement systems will need to be constructed over multiple phases to minimize hospital and patient service disruptions and will require a high degree of coordination with CCH departments.
