The Chief Procurement Officer concurs.

Summary: Board Agenda Item #22-4658 represents the EMRS request to continue to provide for the Maintenance and Support of the Weather Notification System. The Contract was originally procured in 2012, via RFP, and DTN built a customized weather forecasting system for Cook County, with continued developmental input from EMRS. EMRS Weather is a 24/7 application that provides severe weather notifications, alerts, and in-depth forecasts to EMRS and other Cook County agencies and municipalities. Weather conditions impact our ability to respond to emergency incidents safely and effectively. It enhances EMRS capabilities and provides our partners with a critical tool they can use 24/7.

This is a Sole Source Procurement pursuant to Section 34-139 of the Cook County Procurement Code.
