On February 28, 2023 it was identified that CCH needs to transfer funds from 41210.4891.13945.550080.00000.00000 to 41200.4890.17775.520830.00000.00000. The balance in the account was \$1,645,781 as of 02.28.2023.

The funding for the contract was budgeted in the 41210.4891.13945.550080.00000.00000

Identify any projects, purchases, programs, contracts, or other obligations that will be deferred, delayed, or canceled as a result of the reduction in available spending authority that will result in the account that funds are transferred from.

There will be no delay, or cancelation in the account due to the above-mentioned transfer.

If the answer to the above question is "none" then please explain why this account was originally budgeted in a manner that caused an unobligated surplus to develop at this point in the fiscal year.

The contractual cost was budgeted in an account 550080 - Medical Equipment Rental. The proposed transfer is to move funds necessary for the project management contract into the account 520830 - Professional Services.
