Summary: Toshiba Business Solutions provides maintenance, support, and supplies for the fleet of Toshiba MFDs (Multi-Function Devices). These devices provide multiple functions to Cook County agencies within the Offices of The President as well as separately elected offices. The Bureau of Technology recommends that when printers reach the end of their lifecycle they are replaced with multi-functional devices (MFDs) which incorporate printing, photocopying, and scanning into one device that can be used by multiple users. This results in greater efficiency and reduced maintenance costs.

Competitive bidding procedures were followed for the original contract in accordance with the Cook County Procurement Code. Toshiba was the lowest, responsive and responsible bidder.
