Title:	PROPOSED SUBSTITUTE ORDINANCE AMENDMENT #23-2311				

AN AMENDMENT TO CHAPTER 54, ARTICLE V, TOBACCO DEALERS

WHEREAS, e-cigarettes are hooking a new generation on nicotine putting millions of kids at risk and threatening decades of progress in reducing youth tobacco use, and tobacco companies have focused heavily on flavorings because they know that's what attracts a new generation of users. Research shows that flavoring, regardless of the tobacco product, increases the appeal to youth and adults; and

WHEREAS, it has become a nationwide crisis of youth addiction, fueled by thousands of kid-friendly flavors and massive doses of nicotine, some containing as much nicotine as a pack of 20 regular cigarettes; and

WHEREAS, according to the 2022 National Youth Tobacco Survey (NYTS), over 2.5 million U.S. kids used e-cigarettes in 2022 and almost 85% of youth users report using flavored e-cigarettes: Fruit (71.6%), candy/desserts (34.1%), mint (30.2%), menthol (28.8%), are the most popular flavors reported; and

WHEREAS, from 2017 to 2019, e-cigarette use among high school students more than doubled to 27.5%, leading the U.S. Surgeon General and other public health authorities to declare the problem an "epidemic", and 81% of youth who had never used a tobacco product started with a flavored product; and

WHEREAS, in 2021, 46% of high school e-cigarette users vaped on at least 20 days a month, and 30.1 reported vaping every day; and

WHEREAS, a study of more than 150 e-cigarette ads found all contained youth-appealing content and half featured animation; and

WHEREAS, flavored products are driving youth use and as individuals become increasingly addicted to flavored tobacco products there have been significant reports of severe respiratory illnesses and hospitalizations among youth and adults with use of e-cigarette products; and

WHEREAS, the use of menthol flavoring is particularly prevalent among young adults and African Americans with an estimated 85.8% of African American smokers and 46% Hispanic smokers smoking menthol cigarettes in comparison to 28.7% of White smokers, and African American and Hispanic communities are heavily targeted by tobacco companies, which may be a contributing factor to the high tobacco-related morbidity and mortality rates in these communities; and

WHEREAS, commonly added sugars to burley tobacco can lead to an increase in toxicants in tobacco smoke that are hazardous to the respiratory tract, and emerging studies have found that short-term exposure to aerosolized flavorings in e-cigarettes and other additives found in e-liquid are dangerous, even deadly. For example, vitamin E acetate has been indicated in EVALI, which stands for e-cigarette or vaping product use associated lung injury. This is a potentially fatal syndrome associated with vaping, and it was on the rise in 2019. These products can have damaging effects on the

regulation of blood vessel function due to their effects on endothelial cells which is a risk factor for cardiovascular disease, the number one cause of death in the U.S.; and

WHEREAS, these shifts show that one way to address this crisis is to eliminate flavored e-cigarettes, and the American Heart Association advocates for the elimination of all characterizing flavors other than tobacco from all tobacco products. The removal of all flavorings from tobacco products is necessary to reduce appeal to youth and adults alike; and

WHEREAS, the City of Chicago and other U.S. jurisdictions have taken actions to eliminate the sale of flavored nicotine products such as Los Angeles County and the states of Massachusetts, California, New Jersey, New York, and Rhode Island that have enacted statewide flavored tobacco and vape product bans; and

WHEREAS, in February 2023, the U.S. Supreme Court declined to hear a challenge to Los Angeles County's ban on sales of flavored tobacco products brought by R.J. Reynolds Tobacco Company; and

WHEREAS, it is incumbent upon Cook County to lead the way in the protection of our youth and young adults;

NOW THEREFORE, BE IT ORDAINED, by the Cook County Board of Commissioners, that Chapter 54 - Licenses, Permits and Miscellaneous Business Regulations, Article V - Tobacco Dealers, Section 54-301, 54-303, and 54-305 of the Cook County Code are hereby amended as follows:
