The Chief Procurement Officer concurs.

Summary: The Circuit Court of Cook County is the Implementing Agency for the Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT) North Suburban Municipal Districts Drug Court Service Enhancement Program (NSDCSEP). The Court will contract with McDermott Center dba Haymarket to deliver substance abused treatment services to NSDCSEP participants, based on the organization's qualifications and understanding of the current enhancement programs, goals and objectives.

McDermott Center will provide substance use disorders detoxification, residential, intensive outpatient, outpatient treatment; and recovery home services. Haymarket Center is the only provider of this full continuum of substance use disorders care that has experience: (1) working with the Cook County Problem-Solving Court teams, (2) internally enrolling clients in Medicaid and billing all possible services first to Medicaid or other insurance before billing to grants, and, (3) also can provide co-occurring mental health treatment to program participants with co-occurring substance use and mental health disorders.

Based on McDermott Center's longstanding role in Illinois' treatment court programs, the organization is well versed in responding to needs of clients, family members, and court partners, as well as adapting to specific needs based on presenting health, safety, or administrative issues. McDermott Center has been involved in all phases of planning, launch and implementation of the program and requires minimal additional education on the new grant and/or infrastructure-

building components to ensure service delivery and processes are upheld to the highest standards.

This is a sole source procurement pursuant to Section 34-139 of the Cook County Procurement Code.
