Summary: The Integrated Home Rule Tax Processing System is a fully integrated accounting system with comprehensive financial reporting, case management, fully electronic audit workpapers, exception tracking, and online filing and payment capabilities. The system digitizes and streamlines many of the Department of Revenue's core functions. This amendment seeks to renew the contract to extend the License, Support and Maintenance of the ITPS software suite as well as to modify the scope to include upgrading the software for the 2nd release to a newer version with enhanced functionality.
