Adequate funding in fixed charges to cover short fall.

Identify any projects, purchases, programs, contracts, or other obligations that will be deferred, delayed, or canceled as a result of the reduction in available spending authority that will result in the account that funds are transferred from.

None

If the answer to the above question is “none” then please explain why this account was originally budgeted in a manner that caused an unobligated surplus to develop at this point in the fiscal year.

Due to savings on projects budgeted in fixed charges, this funding is available for use to cover unanticipated costs that arose this year.
